Agenda

NORTH ATLANTIC COUNCIL

- The future of NATO's mandate in Kosovo
- Framework for the future of NATO-EU relations

Consultation, Command and Control Board (C3 Board)

- Protocol for reaction to a high-level cyber-attack on the institutions of a member state
- Updating the framework for efficient cooperation and communication in both crisis and non-crisis situations between member countries

MILITARY COMMITTEE

- Protocol for the continuation of Operation Sea Guardian under the guidelines provided by its predecessor, Operation Active Endeavour
- Framework for the extension of the Operation Ocean Shield

NUCLEAR PLANNING GROUP

- Addressing fuel and radioactive waste management in member states
- General protocol for nuclear disasters and accidents in the North Atlantic region

AVIATION COMMITTEE

- Framework for aviation interoperability in the event of an attack on an allied nation
- Protocol for the defense against UAV swarm and solo attacks

ADDITIONAL AGENDA

Delegates are encouraged to research other agenda items of interest to their country and to NATO and to propose these as additional agenda topics. Committee agenda shall be adopted at the first session of each Commit-tee. While delegates are free to bring issues directly to the Secretariat and North Atlantic Council, they should be prepared to see them assigned to the relevant Committees for initial consideration. The Secretariat also reserve the right to change the Provisional Agenda at any time.

COMMITMENT

This year, the Secretariat will commit to sharing the resolutions proposed by each committee to every VIP speaker and institution involved. The work will be shared on our social platforms and through our media partners. The Bucharest Model NATO Conference prepares the future leaders of our world for a career and diplomacy and for a better understanding of the organization and its implications.
